## Why?

The beauty of working together is that everybody has their own ideas and perspectives. However, if we want to build something amazing together we have to agree on a solid foundation.

## How?

The purpose of brand identity is to give you a solid foundation for your work, but it won't solve every design question you'll encounter. Stay creative and feel free to think out of the box when necessary.

# Solid Colors

● Greenery #88B04B

● Orion Blue #404F5E

Greenery is our core color and we rely on it heavily to convey our integrative care movement, but we don't limit ourselves to just green!
